## EXPERIENCE A DAY AT CENTERLOFT

Inspired Living. Welcome to a one-of-a-kind Nantucket getaway.

*There's no place in the world like Nantucket, where beauty in nature, history, fine wines and dining, unparalleled shopping, and activities for every level of adventurer nestle together in a dynamic community thirty miles out to sea. Where sustainability and stewardship frame the local mindset. Where generations will enjoy incomparable oceanfront vistas through the changing seasons. Where elements of sky, water, sand, and land create an extraordinary, memorable, and unique opportunity.*

*You can have it all at Centerloft. A prime location that is your private getaway - cloistered and placid, perched upon the verve of downtown and steps from sparkle of Main Street. When you live at 40 Center, you're 40 steps to anywhere you could want to go in town. For farther flung adventures, Centerloft's prime parking spot means the ease of keeping an auto at your beck and call.*

*It's your choice: sleep in, catch up on reading, relax in Centerloft's luxuriously dreamy beds, brew french pressed coffee and let the drifting aroma awaken your senses to the possibilities of the new day. You run across the street still in your slippers for freshly baked croissants from Petticoat Row Bakery.*

*Dip into the island guidebooks and Nantucket literature tucked on the bookshelf, and when you're brimming with ideas for the day's activities, grab the stack of plush beach towels, thermos, and picnic basket and you're off for the day. Stock up with Provisions by the wharf, then all that's left is to choose whether to adventure on land or at sea.*

*After a sunkissed day of fun, you're ready to retreat back to Centerloft where you enjoy hot shower and cool downtime, before getting gussied up for dinner. You feel like wearing something new tonight? Shops are still open...so you dash out to Erica Wilson where you pick a new dress. Pause at Epermay for a wine tasting, pickup a bottle of wine and a grab a bouquet from Flowers on your walk back to Centerloft, where that cute little patio beckons you to gather with friends for a glass of wine.*

*Needn't bother ordering an Uber, as your dinner reservation at the new Club Car is just a few blocks away. You grab your pashmina, clutch, and walk elbow to elbow with your beau to dinner, watching the dogs of nantucket and their owners strolling on their evening walks.*

*Ice cream from the Juicebar offers a sweet ending to your evening, since it's already on your way back to Centerloft. You pinch yourself as you gaze up at the stars, realizing you're just nightslumber away from experiencing all of this over again, yet in a new way each day.*
